Simplification of Smallholders certification; Strategy to transform the sustainability norm

Rukaiyah Rafik
Yayasan Setara Jambi
Questions Mark???

How to ensure the Simplified of Certification Standard are not allowed the “Bad” Smallholders to come in, and use the simplified to justify the destruction?

Rule of Eligibility (Assesment from External)
Time Line for Improvement
Implement and comply with the standard based on timeline

Standard cannot stop destruction, standard only reduce destruction (many tricks of smallholders to survive and adapt the condition)

Solution to Stop Destruction : Sustainable Livelihood Partnership for smallholders

Impact:
- Food security, No Deforestation, increase income, diversification, nutritious food,
- women inclusiveness, partnership, reduce conflict, sustainable landscape management

Company around village (eg: pulp mill, latex factory, etc)

Palm Oil Mill

Government Employees
